

Required Summer Reading

Dear Parents and Students,

All good college preparatory programs have students working on something over the summer to keep their minds active. The required summer reading list for each grade is listed below (books can be purchased or checked out from your local library). All students are required to have read their designated novels by the first day of school. Please be ready for discussions, quizzes and tests over the novels for your grade. There will be a reading comprehension test on each of the required readings the first week of school. This will count towards your English grade, so read carefully and with understanding. Reread if necessary.

As always if you have any questions please don't hesitate to email Mrs. Bielich, Elementary Principal at jbielich@gvchristian.com or Mrs. Smith, Jr. & Sr. High Principal at ssmith@gvchristian.com.

We hope that you all have a fantastic summer!
